A New Beginning!

Our programme this year has something for everyone! The topics have been carefully selected so to that you will receive maximum benefit. This year we will be hosting Amy Jones from North Carolina, USA as well as other brilliant speakers! There will be ample opportunity for networking, and sharing exciting ideas!

You will notice that we have a number of pre-conference training tracts of which you can choose from - please indicate your preference on the training registration form. If you plan to take advantage of the training opportunity, please make plans to arrive in Harare on Monday 9th August as registration will take place from 2 - 4 pm where after we will meet and greet later that evening. The training will start promptly at 8:30am on the 10th August.

On the opening evening to the conference 11 August, we would like you to wear your traditional clothes as we share the evening together. Should you decide to stay for the night of 13th August onwards that will be for your own expense.

Note that our deadline date for this event is 9 July so that we can prepare adequately. We will ONLY accept your registration to the training and conference upon us receiving the official registration form together with proof of your deposit payment.
